THE BANNER.

WM. M. HARPER, LOCAL EDITOR.

Mount Vernon, April 17, 1874

LOCAL BREVITIES.

The fare is now only 20 cents to Fredericktown.

The Mansfield Liberal is now a yearling, and is able to stand alone.

Mr. Boynton retires from the Mount Vernon Post-office on the first of May.

The bonded debt of Delaware is \$30,000, the most of which is for the C. & I. Railway.

We are sorry to hear that the condition of Major Hank has been somewhat worse during the past week.

The Receiver of the First National Bank of Mansfield is now ready to pay a dividend of 25 per cent.

W. B. Hudson, formerly of Mt. Vernon, and more recently of Sandusky, has opened a jewelry store in Columbus.

Mr. James Lewis requests us to say that copies of the Cincinnati Enquirer may be had every day at the Bookstore of Taft & Co.

The Aultman & Taylor Manufacturing Company, of Mansfield, shipped a carload of Threshers to Colorado, one day last week.

The transfers in real estate, and some other interesting matter that had been in type for a week or two, will be found on the first page.

The true friends of temperance complain that the letter of the Rev. Mr. Billman, to the Columbus Journal, has done them great harm.

Rev. S. W. Miller, of Wooster, has accepted a call from the First Presbyterian Church of Mansfield, and will officiate there next Sunday.

From the first of October to the last of March—a period of six months—2746 tramps were entertained at the Station House in Mansfield.

Lake F. Jones has added several new buggies and a phonon to his livery stock, and has now one of the most complete stables in Central Ohio.

Mr. Gilead has still one saloon (Poland Bros.) that will not surrender, although the proprietors have been sued, sent to jail and prayed at most vigorously.

During the past week some of our farmers were plowing with gloves on their hands to keep them warm, while the snow was turned in under the furrow!

Last week's BANNER had a big run. Taft & Co. sold about 80 copies within 24 hours after it was issued, and could have sold 100 more, had we been able to supply them.

A well written and highly interesting letter from our young friend J. T. Burns, (Tom) from the Nevada Mining District, will be found on the first page of this week's BANNER.

The Willet House, Mansfield, has recently undergone repairs and improvements. The genial Mike Nixon, formerly of this city, is now doing duty as Clerk of that popular hotel.

We have received a very interesting letter from our friend "Bob" Crichtfield, written from his new home at Union Hill, Ringgold county, Iowa, which we shall publish next week.

The "Mechanics' Club" will give their third grand ball, at Wolf's Opera House, on to-morrow (Friday) evening. Arrangements are complete, and a good time may be expected.

The snow-storm of Thursday afternoon last, appears to have been general all over the West—the depth of the snow varying from 2 to 6 inches. In Mt. Vernon it was about 4 inches.

James Hutchinson is handsomely and snugly fixed in his new building on Main street, where he keeps for sale and makes to order the very best kind of boots and shoes. Give him a call.

John D. Thompson, D. C. Montgomery, J. H. McFarland and Harrison Atwood, rode out to Hartford on Wednesday for the purpose of appraising the property of the late J. W. Seymour.

The Mt. Vernon physician (who is a "loyal" man) wrote a prescription which read: "whisky, one quart; pulv. liquorice, 2 oz. Mixture." The druggist thought this a "little too thin," and declined filling it.

We have a report that the Mayor-elect, Mr. Frederick, has expressed himself as decidedly opposed to the entry-box system in front of business houses, and that the crusaders are very much "put out" about it.

Mr. J. P. Snook, at the "Office," between the Commercial and Berghin Houses, will keep a nice lot of fresh fish for sale during the season. Mr. Snook is a very deserving man, and should be liberally patronized.

T. Armstrong, engineer of the Baltimore & Ohio Railroad, who ran his engine into the engine on the Atlantic and Great Western Railway, at Mansfield, has been indicted by the Grand Jury, of Richland County, for manslaughter.

Mr. Michael Sheehan desires us to say that the part he took in demolishing the entry-box in front of the grocery store of Mr. James Rogers was not a voluntary act, but that he was working under the direction, and order of the Mayor, whose authority he had no right to disobey.

We neglected last week to make mention of the death of the well-known Nurse-ryman, Mr. Barton Starr, which took place at his residence on the Gambler road, on the 31st inst. Mr. Starr was an active, enterprising citizen, a kind-hearted neighbor and an indulgent husband and father.

Mr. Vernon furnishes Washington City with one soprano singer. How much better would it be could he have sent an honest man into some of the government offices!—*Mr. Glibed Register.*

None of your institutions, if you please.

Columbus had a marriage in high life, on Thursday evening last, April 10th. The Rev. Rufus W. Clark, Rector of Trinity Church, was united in the "holy bonds of matrimony," to Miss Lucy Dennison, daughter of Ex-Governor Dennison, in the presence of a brilliant assemblage of friends and relatives.

The pen used in signing the Prohibition Ordinance in Akron, sold for \$222.50. The pen that signed the Mt. Vernon Ordinance didn't even sell for one cent; but the manuscript of the Ordinance, (written by that brilliant scribe, Wm. McClelland) if preserved, might some future day be as highly prized as the hystriophiles on the pyramids of Egypt.

There is nothing worth writing about concerning the female crusaders in Mount Vernon. They still "watch and wait" at their favorite resorts on the streets, sitting, smiling at each other.

Or, as it is paraphrased by a more modern poet than Shakespeare,

"Like hunger on a monument,
Smiling at grief."

A Wicked Clergyman.

(Wilkes-Barre (Pa.) Dispatch to N. Y. Times.)

Early in the present year, Rev. R. Williamson, pastor of St. Stephen's Episcopal Church, in this city, was charged with frequenting disreputable houses, and with other conduct becoming a minister of the gospel. He denied the charges, but the vestry, acting upon what they considered strong proof, deposed him from his pastorate, and lately appointed a committee of investigation. This week Mr. Williamson appeared before them and confessed his guilt. No final action has yet been taken in regard to his case.

The Rev. Mr. Williamson above spoken of was in Mt. Vernon a little over two years ago, was the guest of one of our principal citizens, and preached in St. Paul's Episcopal Church. There was some talk among the vestry to give him a "call" to become Rector of the Parish. It is a good thing that our city has not to bear the odium of this great scandal.

City Council.

Council met on Monday night—all the members being present.

An ordinance to repeal 9 sections of an Ordinance passed March 23d, came up for final action and was lost—the vote standing 4 for and 6 against the repeal.

The bond of the newly elected Mayor, T. P. Frederick, was presented and accepted, Amount \$1,000; G. R. Martin and H. H. Grant, sureties.

The bond of City Solicitor, Wm. McClelland, was presented and accepted. Amount \$1,000; surety John McCormick. Council adjourned until next Monday night, when the newly elected officers will be sworn in.

Railroad Election.

At the stockholders' meeting of the Baltimore, Pitsburg and Chicago Railway Company in Columbus on Monday week, the following named persons were elected Directors: W. C. Quincy, Wm. Keyser, John K. Cowan, George R. Dennis, Wm. Holgate and A. D. Smith. W. C. Quincy was elected President, Wm. Keyser, Secretary and Treasurer, and James D. Randolph Chief Engineer. The President reports the track laid to within six miles of Danville, and that the line will be completed through Ohio by August 1st, and to Chicago in the present year.

Temperance Lecture.

Rev. Father Henry Anderson, of Columbus, will lecture at Wolf's Hall, in this city, on the evening of the 20th inst. The subject of the lecture will be Temperance. From the well-known ability and reputation of the lecturer, an immense audience is expected. The proceeds of the lecture are to be applied to charitable purposes.

Broadway Hotel, Cincinnati.

By a note from Cincinnati, we learn that Mr. V. FEHL has leased the "Old Reliable" Broadway Hotel, and has fitted it up in elegant style. Good substantial fare and plenty of it, has always been the leading feature of this Hotel. Citizens of Mt. Vernon visiting Cincinnati will find the Broadway a pleasant place to stop.

We learn that Mr. and Mrs. J. E. Woodbridge, who have been in California for the past six months, whether they went in hopes that the mild climate would benefit to Mr. W's health, sailed from San Francisco on the 31st of March, via Panama for New York City, and will be at home some time during the coming month.

A "Satisfaction to Read the Banner."

NORA SPRINGS, Iowa, April 6, 1874.

L. HARPER—SP—Enclosed find two dollars for your paper another year. It is some satisfaction to me to read the BANNER, as the papers printed in this country are all Republican, and they don't suit me.

Yours truly,
J. R. ADAMS.

The Mt. Vernon Band appeared on the streets on Wednesday afternoon, and gave our citizens the pleasure of hearing, for the first time, their new silver instruments. The music discoursed was a real surprise to many, who had no idea the improvement new instruments would make in executing the pieces. The members of the Band have shown considerable enterprise in making the purchase, and our music-loving public (and we guess that embraces the majority of our people) should be liberal in their subscriptions towards paying for the instruments.

Mr. Ertter—I would like to hear some explanation from that pious and temperate man, V. N. N., as to that barrel of bottled liquor, received one morning of this week. Perhaps it was malt and hops bottled. I only ask for information; you know. Another chance for the would-be-funny B-I-I men and his pet trope.

A Catholic Priest Assailed.

Rev. Father Gallagher, pastor of the Roman Catholic parish of the Eighteenth Ward, Cleveland, was assaulted by a highwayman, who hurled a huge stone at him while he was riding along Broadway, near the toll-gate, Wednesday night week. Father Gallagher urged his horse to a faster speed, when the vehicle ran against an obstruction and was wrecked, its occupants being thrown violently to the pavement, where he was found soon after, lying insensible, with several ribs broken. He was removed to his home, and is in a critical condition.

A Wrong Custom Corrected.

It is quite generally the custom to take strong liver stimulants for the cure of liver complaint, and both the mineral and vegetable kingdoms have been diligently searched to procure the most drastic and poisonous purgatives, in order to produce a temporary relief, which is followed by the lagging and enfeebled organs. The system of treatment is on the same principle as that of giving a weak and debilitated man a good portion of brandy to enable him to do a certain amount of work. When the stimulant is withheld, the organ, like the system, gradually relapses into a more or less sluggish and weakened condition than before.

WORKS WOUNDED.

DUNGEN, N. Y., March 23, 1871.

Dr. R. V. FRANK:

Dear Sir—Your treatment in my case has been quite successful and satisfactory, and for which I desire to express my gratitude. I have been troubled with a disordered liver and catarrh and general weakness for a good many years, and was failing slowly all the time, and last August I fell on you and got some of your Golden Medical Discovery and Dr. Sage's Catarrh Remedy and one of your Nasal Injectors, and since that time I have been improving and am now better than I have been for years, not having had the sick headache in months, which I used to have to average once a week, the Golden Medical Discovery being the principle medicine used. It has worked wonders in my case, and I recommend it to those similarly afflicted. Let me express my gratitude to you for such invaluable aid.

Truly and gratefully yours,
WM. F. CRITTENDEN.

A Zanesville jury has, without leaving the box, returned a verdict of not guilty in the case of Mrs. Riley, saloon keeper, against Mrs. Shrigley, the leader of the band who was arrested for praying in front of Mrs. Riley's saloon. Alleged Discovery of New and Very Rich Gold Mines.

LITTLE ROCK, April 8.—A dispatch to the Republican from Fulton says: Captain Holloway arrived here to-day from the newly-discovered gold mines on the North Fork of the Osage, en route to St. Louis to purchase apparatus wherewith to commence active operations. The mines are situated in the mountains, near the Cherokee line, and about 100 miles from here. The Captain passed through the Silver District on his way here, and reports the wildest excitement over the recent discovery. After an examination of the ore and mines, he pronounces the former very rich, and the latter inexhaustible and says that the half has not been told. The Joplin Mining Company will at once commence the erection of several smelters in the vicinity, which is found in the most extensive lodes ever discovered in the world. Miners and adventurers are flocking to the scene of the late discovery.

Dyspepsia! Dyspepsia!

This hydra-headed disorder, with its Stomach, Scalding, Eruptions, Dyspepsia, Flatulency, Loss of Appetite, Waxy, Watery Appearance, and Nervous Debility, all indicating imperfect digestion and assimilation of food, and thereby lack of nutrition, so extremely necessary to the support of the body, can be effectively cured by the use of HOOPLAND'S GERMAN BITTERS, the favorite prescription of that eminent German physician, Christoph V. Hoodland, of Langenscheidt, Germany, the efficacy of which was for him many marks of distinction by the crowned heads and nobility of Europe. It is a healthy action, regulates the bowels, arouses the torpid liver, promotes natural perspiration, invigorates the nerves, and restores all the functions of Nature to vigorous health. The efficacy of this remedy is daily acknowledged by the happy results of its use.
